

EMPLOYMENT OPPORTUNITY COMMITTEE. He was an influential advisor on two Civil Rights bills LBJ pushed through the Senate in 1957 and 1960. Fortas played a major role in the drawing up of the Gessell Report, which was written by the **PRESIDENT'S COMMITTEE ON EQUAL OPPORTUNITY IN THE ARMED FORCES**, to which he was appointed in 1962. The implementation of this Report, carried out by a dangerous Marxist, Yarmolinsky, helped create havoc in the 'Armed Forces' — which it was designed to do. Yarmolinsky has been quoted as saying that he didn't give a damn whether they (the Negroes) wanted to be integrated or not, **THAT THEY WOULD BE INTEGRATED.** (Congressional Record, Aug. 7, 1963)

WHAT OTHERS SAY

SENATOR STROM THURMOND, on the Fortas appointment:

"After careful examination of the available information on the nominee, Mr. Fortas, I am convinced that he is totally lacking in judicial temperament. Both his public conduct and his words demonstrate a disdain for absolute values, and that he holds a philosophy based on relativism."

"I oppose the confirmation of Mr. Fortas as Associate Justice of the Supreme Court."

The following statement was made by **CONGRESSMAN JOHN ASHBROOK** of Ohio:

"If the President were to have searched out a person who would be least qualified to sit on the Supreme Court of the United States, he could not have done much better

than in his selection of Abe Fortas."

Fortas has been a "quiet participant in some of the more dubious transactions involving the Johnson Administration . . ." (Congressman Durward Hall, Missouri, before Senate Comm. 7/27/65)

According to **ESQUIRE** magazine (June, 1965) "... he (Fortas) is a fixer, the man who takes jobs too delicate to be done by anyone in official status; he's always on hand, either actually, or at the other end of the phone line, suggesting, reacting, developing; . . . One top White House aid says "HE'S AS CLOSE TO JOHNSON AS BOBBY KENNEDY WAS TO JACK" . . . It is clear that when an emergency arises in the Johnson family, it is Fortas who is called first."

The following paragraph from the same magazine indicates Fortas' closeness to LBJ goes far deeper than most people realize:

"The incident (the Washington Star's agreement not to print the Jenkin's story) illustrates several things about Fortas. First, his role in the official family: when beset by the blackest trouble man can imagine, Jenkins literally ran to him. Second, his high status: **ALTHOUGH HE HAD NOT BEEN IN TOUCH WITH THE PRESIDENT, HE WAS ABLE TO SAY CONFIDENTLY IN THE CONFERENCE WITH THE STAR EDITORS THAT JENKINS WAS FINISHED AT THE WHITE HOUSE — AND THEY KNEW HIS WORD HAD THE STAMP OF AUTHORITY.**"

Fortas' role as counsel for Bobby Baker, his part in establishing the trust for LBJ's

extensive radio and television properties, his masterminding of the legal brainpower that turned defeat into victory in the now scandalous Texas Senate election of 1948, not to mention his intimate knowledge of Lyndon Johnson's personal financial position, should automatically rule Fortas out. As Iowa's Representative Gross put it, the Fortas nomination "is inconceivable under the circumstances." (Senate Comm. Hearing 7/27/65)

Abe Fortas was appointed to the Supreme Court in spite of his definite red background. Remember that Fortas is a Zionist. The Zionist Invisible Government will keep him there — that is, unless a sufficient number of Patriots raise their voices in protest.

The record outlined here speaks for itself: If you're convinced the appointment of Abe Fortas was a tragic mistake, let your voice be heard. Though he has been approved, you can still act. You can remind your Senator what a serious mistake he made, and that you're through with him. You can publicize the Fortas record. We've only scratched the surface here. Remember a sufficiently aroused public opinion cannot be ignored.

PRESERVE OUR PRESENT IMMIGRATION LAWS

The most urgent task before us — at this writing — is to defeat any changes in the present **WALTER - McCARRAN IMMIGRATION LAWS.**

In August, the House of Representatives voted to **change** our Immigration Laws!

At this writing, H.R. 2580 is pending in the United States Senate where action is expected within the next few days.

The sabotage of our Immigration Barriers will flood the U. S. with millions of undesirables — the jetsam and flotsam from Asia and Africa!

These millions of "colored beatniks" will create unemployment . . . add more millions to our relief rolls . . . increase your taxes for welfare!

But . . . worst of all, it has reliably been reported that 750,000 trained revolutionaries are ready and waiting to swarm into the U. S. on a first-come first-served basis . . . to lead the race rioters and demonstrators in a **nation-wide revolution!** They plan to capture all telephone companies, TV and radio stations, power plants and water works, all bridges and tunnels, all city and state capitals, — and to hold your wives and children as hostages and playthings, to make you surrender!!

Your business is at stake!

Your churches and schools are at stake!

Your homes are at stake!

You, yourself, and your wives and children are in dire peril!! — Right now!

By the time you read this warning, the Senate might have already enacted these changes to our Immigration Laws.

If so, flood your Senators with telephone calls, telegrams and airmail letters.

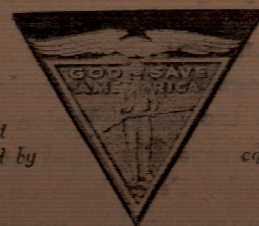

Demand that they act fast to **repeal** this sellout to Communism, or else you will hold them "personally responsible" for the loss of your business, your home and your loved ones!

And, above all, get out and **work** against them — day and night — and at the polling booths!

And . . . circulate petitions to recall them from their posts!

"Communism is intrinsically wrong, and no one who would save Christian civilization may collaborate with it in any undertaking whatsoever."

Truth is not only violated by Falsehood;

It may be equally outraged by silence.
